

To register your family:

It will ask you for your family members' names during registration. These are for verification purposes and it means that when your family members register, they won't be asked for payment when they register their profiles.

As a family (2 Adults, 2 Children)

Family Team Name

Select your team goal

Select team goal

You can add your family members here

Add family team member

This is for authentication when a family member registers. THIS DOES NOT CREATE THEIR ACCOUNT

Each family member needs to create their own profile, with a unique email address.

If a family member doesn't have an email and you have a Gmail address, you can cheat the system a little by:

a) Adding a . in the email - for example, youremail@gmail.com is the same as your.email@gmail.com

b) Adding a + and then any random numbers/letters – for example, youremail@gmail.com is the same as youremail+number1@gmail.com

Using this method will route emails to the same email address, but the system recognises them as different and can be used across different accounts.

When your family members create their accounts, you will need to search for your family here:

I want to join an existing Family

Find your Family

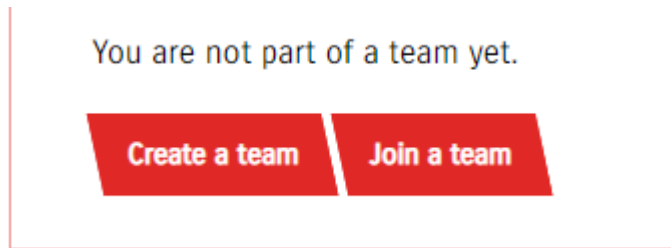

Alternatively, we can create the accounts of anyone who doesn't have an email for you and connect them to your account. For this, you will need to provide us with the names, photos and description you would like to use.

To make your team:

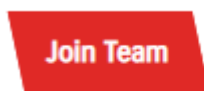

You will need to leave your family team in your dashboard and create a new team for your full group.

If you can't find where to leave the team, please contact events@cfcc.org.au when you are registered and we can remove you from the back end.

Once you have left your team, you can create a team from your dashboard:

Or join an existing team from that team profile:

Why We're Doing It

Please contact events@cfcc.org.au if you have any questions along the way at all.

Thank you,
The Cystic Fibrosis Community Care team.
